This is an updated 2015 version of the Noblesville Alternative Transportation (NAT) Master Plan document. This update of the NAT Master Plan with current trail inventory, standards, layout trail links/segments, 2015-16 Priority Trail Segments and new Trail Route Signage and Graphics. This Document is coordinated with the City's current Recreational Impact Fee Infrastructure Plan and the Park Master Plan Update, both dated 2015.

All rights reserved. Except as it is used by the Client in direct relationship to the NAT Plan implementation, no part of this publication may be reproduced or used in any way without expressed permission by Lehman & Lehman, Inc.
